## Biemond Nurseries Returns Process

If you are wishing to return stock, you are required to contact the office to receive approval for your stock return. Once approval is given you will be issued with a return number.

You will be asked to provide the size, name, and quantity of the plant being returned. Please quote your return number as the reference on your returning con-note. Failure to do so may result in a credit not being issued.

Once the stock is received to the nursery, checked with your return on the paperwork a credit will be issued for the stock returned. If you have any question regarding this process, please contact the office.
